

Fiber Reinforced Nylon Cable Glands

This non-metallic solution for non-armored cables is designed for applications in electrical equipment and potentially explosive atmospheres.

Available For Low Voltage Applications (BXI)

(BXA)

- **Material:** Black Fiber Reinforced Nylon
- **Protection Rating:** IP68 (10 bar)
- **High Impact Resistance:** 7 Joule
- **Low Smoke:** Halogen-free (V0)
- **Temperature Range:** -4°F to 185°F (-20°C to 85°C)
- **Zones:** 1, 2, 20, 21, 22
- **Sizes:** M12 - M63, NPT 3/8" - NPT 1 1/2"
- **Approvals:** cUS, ATEX, IECEx
- **ATEX Certificate:** BVS 14 ATEX E 025 X
- **IECEX Certificate of Conformity:** IECEx BVS 14.0020X
